

The Decline of (what was thought to be) A Great Nation

The United States of America

America's Last Elections...as we've known them?

During this nation's very humble beginnings, the founding fathers gave honor to the God of heaven and earth. For this reason, God blessed America unlike any gentile nation on the face of the earth. From sea to shining sea, her beauty and spacious skies were not to be compared with.

But because of America's lust for riches, rejection of God by her youth, the merciless shedding of innocent blood, and transforming the meaning of "freedom" by liberals, God has slowly removed His hand of protection from our nation, stripping her of her beauty and influence.

Today, our younger generation continues to distance themselves from God and His Word, rejecting the old wisdom and experience of their parents and elders. *"There is a generation that are pure in their own eyes, and yet is not washed from their filthiness"* (Proverbs 30:12).

The time of "**Jacob's Trouble**" is at the door; a time when God promised to turn His attention back to **Jacob**, who's name was changed to **Israel**. This is the time when the False Messiah will come and the Jews, along with all the world, will receive him.

America is indeed heading for a dramatic "change," but not the one everyone's hoping for. Just keep this in mind: a "**king**" is coming whom the scripture describes as "**a vile person**" (Daniel 11:21), and **DE-MOCRACY** will not exist during his reign.

Democracy means "**a government that is by the people**," but under antichrist who will exalt himself *"...above all that is called God, or that is worshipped..."* (2 Thess 2:4), a new world order will replace all governments, to become much like the governments that rule Islamic nations today.

"...seeing ye shall see, and not perceive..." (Acts 28:26)

Amos 3:3 *"Can two walk together, except they be agreed?"*

According to news reports, Reverend **Jeremiah Wright** inspired **Barack Hussein Obama's** "Christian faith," officiated at his wedding, baptized his daughters and has been his **spiritual guide for nearly 20 years**.

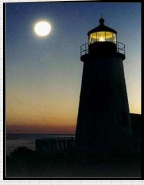

On February 24, 2008, leader of the **Nation of Islam**, **Louis Farrakhan** endorsed **Barack**

Hussein Obama for President. He said, *"This young man is the hope of the entire [Arab] world that America will "change" and be made better. This young man is capturing audiences of black and brown and red and yellow. If you look at Barack Obama's audiences and look at the effect of his words, those people are being transformed."*

On Sunday, April 16, 2008, chief political adviser to the **Prime Minister of Hamas**, **Ahmed Yousef** on WABC radio endorsed **Barack Hussein Obama** for President. Yousef said, "We like Mr. Obama and we hope he will win the election." "He has a vision to **change** America."

We use the OLD King James Version:

Amos 8:11 *"Behold, the days come, saith the Lord God, that I will send a famine in the land, not a famine of bread, nor a thirst for water, but of hear-*

The United States of America

"I pledge allegiance to the Flag
of the United States of America,
and to the Republic for which it stands:
one Nation under God, indivisible,
With Liberty and Justice for all."

Doesn't Barack Hussein Obama know the words?

Sure he does!

Barack Hussein Obama has pledged to safeguard Israel's security if elected president in November. Obama also described the US bond with the Jewish state as "unbreakable today, unbreakable tomorrow, unbreakable for ever" and said he spoke as a "true friend" of Israel.

But, during the Presidential Debate in Nashville, Tennessee, October 7, 2008, both candidates were asked a question near the end of their debate.

Question: "If, despite your best diplomatic efforts, Iran attacks Israel, would you be willing to commit U.S. troops in support and defense of Israel? Or would you wait on approval from the U.N. Security Council?"

Answer—John McCain: "...we obviously would not wait for the United Nations Security Council."

Answer—Barack Hussein Obama: "...I will do everything that's required to prevent it...we will never take military options off the table...It is important...for us to use all the tools at our disposal to prevent the scenario...tighten sanctions on Iran...we should have direct talks."

"The simple believeth every word: but the prudent man looketh well to his going" (Proverbs 14:15).
